

DILOSK

Internship Opportunities

We have an exciting opportunity for a paid internship this summer

Dilosk is an Irish financial services company regulated by the Central Bank of Ireland and our head office is based in Hume Street Dublin 2. Our consumer brand is ICS Mortgages. We are a non-bank lender and specialise in the mortgage market. We currently provide mortgages to residential property investors which is the Buy-to-Let mortgage market. Our mortgage products are available through mortgage brokers and through our direct customer channel.

Since we launched our Buy-to-Let mortgages in 2017, we have gained a significant 33% share of the Irish Buy-to-let mortgage market. This was achieved through a combination of great service and product innovation, but most of all a great team of people.

We are looking for an intern to work on a project to help us disrupt the mortgage world!

The ideal candidate will have a background in / be studying Computer Science, Engineering, Maths or Business degree with any of the above. Candidates must have strong organisation skills, attention to detail and excellent Excel and Word skills.

The internship will involve exciting project work, analysing data and developing a prototype for an app. There is also an opportunity to gain exposure and work across functions such as Credit, Marketing, Compliance, Lending and Operations.

This is a five-day week role for the three months of June, July and August. The salary is €1,470 gross per month.

This is a very exciting opportunity that will provide a strong intellectual challenge within a high performing team. We are a dynamic and ambitious organisation with an inclusive culture. We are confident that this will be a great learning experience for the right intern.

Interested applicants should email their CV to dee.mccarthy@dilosk.com
The closing date is Friday 17th May, 2019.

We look forward to hearing from you!
